Equation Analysis Test
by David Pleacher

Do these numbers ring a bell? Replace each of the uppercase letters with
a word that correctly completes the phrase.

_____   365 = D in a Y

_____   1.732 = S R of T to T D P

_____   1492 = the Y C S the O B

_____   3.14 = V of P to T D P

_____   3-4-5 = the S P T

_____   100 = Y in a F F

_____   24 = K in P G

_____   50 = S on the A F

_____   86,400 = S in a D

_____   54 = C in a D (including the J)

_____   1 = W on a U

_____   9 = P on a B T

_____   1.414 = S R of T to T D P

_____   0 = H, R, and E in a P G

_____   64 = T in the N C A A B T

_____   36 = B K on a P

_____   9 = M to have a B

_____   28 = D in F (except in a L Y)

_____   9 = J on the S C

_____   8 = L that a S has

_____   5 = V in the A (not including y)

_____   1000 = M in a K

_____   4 = R B I in a G S H R
