

Biblical Figures in the New Testament

A Right Angle puzzle by David Pleacher

Determine the name of the New Testament person for each of the clues below.

Then write the name in the 10 x 10 matrix using the following rules:

- (1) Each word makes one right angle turn somewhere along its length.
But it is your task to determine where each word makes this turn and in which direction.
- (2) As a guide, the starting direction of each answer word (i.e., the direction of the word before the right-angle turn) is indicated by the letter given after the clue number. Words can go north, south, east, or west to start with.
- (3) Of additional help is the fact that each letter in the correctly completed grid appears in exactly one word.
