

The Story Chapter 31

The End of Time

Right Angle Puzzle

Determine the answer for each clue listed below.

Then write the letters of that answer in the 12 by 12 matrix using the following rules:

- (1) Each word makes one right-angle turn somewhere along its length.
But you must determine where each word makes this turn and in which direction.
- (2) As a guide, the starting direction (i.e., the direction of the word before its right angle turn) of each answer is indicated by the letter given after the clue number.
- (3) Words can go North, South, East, or West to start with.
For example, 1W begins on square 1 and heads West.
- (4) Each letter in the correctly completed grid appears in only one word.
